

NEW CAMBRIDGE

INTERNATIONAL PUBLIC SCHOOL

SHAPING MINDS FOR THE REAL WORLD

Why Parents Choose NCIPS

Academic Excellence

A strong CBSE curriculum supported by experienced educators, structured learning, continuous assessment, and individual academic guidance enables every child to achieve their highest potential.

Individual Attention

Small class sizes and personalised mentoring allow teachers to understand every learner's strengths, identify areas for improvement, and provide the support needed for sustained academic and personal growth.

Future-Ready Learning

Students are equipped with the knowledge and skills required for tomorrow through Artificial Intelligence, Robotics, Digital Classrooms, STEM learning, and Technology-Integrated education.

Holistic Development

Education extends beyond the classroom. Students participate in sports, arts, cultural activities, leadership programmes, public speaking, community initiatives, and life-skills education to become confident, well-rounded individuals.

Safe & Secure Campus

A safe learning environment is fundamental to every child's success. Our campus features 360-degree surveillance, GPRS-enabled transportation, well-maintained facilities, and comprehensive safety measures that give parents complete peace of mind.

Experienced Faculty

Our passionate and dedicated teachers inspire curiosity, encourage critical thinking, and create meaningful learning experiences that help every student thrive academically and personally.

Career Guidance & Mentorship

Beginning in the higher grades, students benefit from personalised mentorship, career counselling, expert guest lectures, and guidance that helps them make informed academic and career decisions.

Strong Parent Partnership

We believe education is most successful when schools and families work together. Regular communication, parent interactions, progress reviews, and our dedicated school app ensure that parents remain active partners in every child's learning journey.

Our Legacy

Universal Education Society

Established in 1975, the Universal Education Society has been dedicated to transforming lives through quality education for over five decades. With a rich legacy of nurturing learners across diverse educational institutions, the Society has consistently upheld the values of academic excellence, integrity, innovation, and service.

Its commitment to providing accessible, value-based education has enabled thousands of students to pursue successful careers in India and abroad. Guided by visionary leadership and a passion for educational excellence, the Society continues to evolve with changing times while remaining firmly rooted in its founding principles.

New Cambridge International Public School

Established under the esteemed Universal Education Society, New Cambridge International Public School was founded with a clear vision—to provide world-class CBSE education that balances academic achievement with character development and lifelong learning.

Today, NCIPS is recognised as a vibrant learning community where students are encouraged to question, create, collaborate, and lead. Our holistic approach combines rigorous academics with innovation, technology, sports, arts, and values, enabling every learner to realise their full potential.

At NCIPS, education is not merely about acquiring knowledge—it is about developing confident individuals who possess the wisdom, compassion, resilience, and leadership qualities to make meaningful contributions to society.

Our Vision

To inspire every learner to become a confident, compassionate, innovative, and responsible global citizen through excellence in education, strong values, and lifelong learning.

Our Mission

Deliver an outstanding CBSE education through innovative teaching and meaningful learning experiences.

Foster curiosity, creativity, critical thinking, and problem-solving skills.

Build strong character founded on integrity, empathy, discipline, and respect.

Encourage leadership, collaboration, and social responsibility.

Provide a safe, inclusive, and nurturing environment where every child can flourish.

Prepare students with the knowledge, confidence, and life skills needed to succeed in a dynamic global society.

President's Message

Prof. Krishnaveni R.

Education is the most powerful investment we can make in shaping the future. At New Cambridge International Public School, we believe that every child possesses unique talents and limitless potential waiting to be discovered.

For over five decades, the Universal Education Society has remained committed to delivering quality education that transforms lives and empowers young minds. This enduring legacy continues at NCIPS, where academic excellence is complemented by character building, innovation, creativity, and compassion.

Our mission extends beyond classroom learning. We strive to nurture confident, responsible, and socially conscious individuals who are prepared to meet the opportunities and challenges of an ever-changing world.

As we continue to grow and innovate, we remain steadfast in our commitment to providing a safe, inclusive, and inspiring environment where every child can flourish.

I warmly welcome you to the NCIPS family and invite you to join us in shaping a brighter future for your child.

Secretary's Message

Yogesh Nagarajachar

Welcome to New Cambridge International Public School.

At NCIPS, we are proud to offer an educational environment where excellence is achieved through collaboration, dedication, and continuous innovation.

Our experienced educators, modern infrastructure, and student-centred approach enable every learner to explore their interests, develop essential life skills, and realise their full potential.

We believe that true education is measured not only by academic achievement but also by integrity, empathy, leadership, and resilience. These values are embedded in every aspect of school life.

Together with our parents and dedicated staff, we continue to create meaningful learning experiences that prepare students to become responsible citizens and future leaders.

We look forward to welcoming your family to our vibrant learning community.

Principal's Message

Gargi Choudhury

Dear Parents,

Choosing the right school is one of the most significant decisions in a child's life. At New Cambridge International Public School, we consider it both a privilege and a responsibility to nurture every learner entrusted to our care.

Our vision is to create a learning environment where curiosity is celebrated, creativity is encouraged, and excellence becomes a habit. We believe every child deserves individual attention, meaningful opportunities, and the confidence to pursue their aspirations.

Our dedicated faculty members work tirelessly to inspire students through innovative teaching, continuous encouragement, and personalised guidance. Beyond academic achievement, we focus on developing character, communication, leadership, emotional intelligence, and a lifelong passion for learning.

As Principal, I take great pride in seeing our students grow into confident, compassionate, and responsible young individuals who are prepared not only for examinations but also for life.

We invite you to visit our campus, meet our educators, and experience the warmth, care, and excellence that define the NCIPS community.

Together, let us build a future filled with possibilities.

Learning For Life

Building Strong Foundations for Lifelong Success

- At New Cambridge International Public School, we believe that education is a journey of discovery. Every child is naturally curious, creative, and capable of achieving great things when provided with the right opportunities and guidance.
- Our educational philosophy is centred on nurturing the intellectual, emotional, social, and physical development of every learner. We strive to create an environment where children feel safe to ask questions, explore new ideas, express themselves confidently, and develop the skills required to succeed in an ever-changing world.
- Rather than focusing solely on academic achievement, we encourage students to become independent thinkers, effective communicators, compassionate individuals, and responsible citizens. Learning at NCIPS extends beyond textbooks through hands-on experiences, collaborative projects, technology-integrated classrooms, sports, arts, and community engagement.
- Every classroom reflects our commitment to inspiring curiosity, encouraging creativity, and celebrating the unique potential of every child.

The Four Pillars of Learning

Curiosity

- Every great journey begins with a question. We encourage children to observe, explore, ask questions, and develop a genuine love for learning that lasts a lifetime.

Confidence

- Children flourish when they believe in themselves. Through encouragement, individual attention, and meaningful learning experiences, we help every student develop self-confidence, resilience, and a positive attitude towards challenges.

Creativity

- Innovation begins with imagination. Whether through science, art, music, literature, technology, or problem-solving activities, students are encouraged to think creatively and discover original solutions.

Continuity

- Learning is a continuous journey. Every stage of education builds upon previous experiences, ensuring that students develop progressively with confidence, consistency, and a strong academic foundation.
- Together, these four pillars shape confident learners who are prepared not only for examinations but for life.

Early Years Education

Where Every Learning Journey Begins

- At New Cambridge International Public School (NCIPS), our Kindergarten programme provides a joyful, safe, and nurturing environment where children develop confidence, curiosity, and a love for learning. Through play-based and experiential learning, every child is encouraged to explore, discover, and grow at their own pace.
- Our experienced educators focus on building strong foundations in literacy, numeracy, communication, creativity, and social-emotional development through engaging, age-appropriate activities.

Our Early Years Approach

- Play-Based Learning: Learning through exploration, imagination, and meaningful play.
- Experiential Learning: Hands-on activities, storytelling, role play, nature exploration, and creative projects.
- Individual Attention: Personalised support that nurtures every child's unique strengths and abilities.
- Language Development: Phonics, storytelling, rhymes, and conversations that build confident communication.
- Social & Emotional Growth: Developing empathy, cooperation, responsibility, and self-confidence.
- Creative Expression: Music, dance, art, craft, and dramatic play that inspire creativity and self-expression.

A Day at Our Kindergarten

- Each day offers a balanced blend of learning and fun through:
- Circle time and storytelling
- Literacy and numeracy activities
- Science and discovery sessions
- Art, music, dance, and creative play
- Indoor and outdoor activities
- Value education and life skills
- Festival celebrations and joyful experiences
- Every activity is thoughtfully designed to encourage curiosity, independence, and a lifelong love for learning.

Partnering with Parents

- We value a strong partnership between home and school. Regular communication, progress reviews, school events, and digital updates ensure that parents remain actively involved in their child's learning journey.

Building Strong Foundations

- Our Early Years programme prepares children for a seamless transition into Primary School, equipping them with the confidence, skills, and enthusiasm to thrive as happy, independent, and lifelong learners.

A Continuous Journey of Excellence

Empowering Every Learner at Every Stage

At New Cambridge International Public School, every stage of learning is thoughtfully designed to nurture academic excellence, creativity, confidence, and character. Our progressive curriculum supports students from strong foundational learning to future-ready education.

Primary School (Grades I–V)

Building Strong Foundations

The Primary years foster curiosity, confidence, and essential academic skills through engaging, activity-based learning.

Highlights

- Strong foundation in English, Mathematics, Science & Social Studies
- Interactive digital classrooms
- Reading and communication programmes
- Activity-based and experiential learning
- Art, music, dance & physical education
- Life skills and value education
- Continuous assessment and personalised attention
- AI & Computational Thinking: Building young minds to think logically, creatively, and computationally while developing foundational AI awareness through engaging, age-appropriate learning experiences.

Middle School (Grades VI–VIII)

Inspiring Critical Thinking

Students develop analytical, creative, and collaborative skills through inquiry-based and experiential learning.

Highlights

- Concept-based curriculum
- Science laboratory exposure
- Hands-on robotics experiences that nurture problem-solving, creativity, and computational thinking.
- Technology-integrated learning
- Project-based assignments
- Leadership opportunities
- Olympiads, competitions & enrichment programmes
- Sports and co-curricular activities

Secondary School (Grades IX–X)

Preparing for Academic Success

Focused academic guidance, continuous assessment, and holistic development prepare students for CBSE Board examinations and future opportunities.

Highlights

- Comprehensive CBSE curriculum
- Personalised academic support
- Practical laboratory learning
- Career awareness and competitive exam orientation
- Leadership and personality development
- Balanced focus on academics and student well-being
- Enabling students to learn beyond textbooks through hands-on exploration, real-world applications, projects, and experiential activities that foster critical thinking, innovation, and life-ready skills.

Senior Secondary (Grades XI–XII)

Preparing Future Leaders, Professionals and Innovators

- Senior Secondary education at NCIPS is designed to help students realise their ambitions and confidently pursue higher education and professional careers.
- Our rigorous academic programme combines conceptual understanding, practical application, mentorship, and career guidance to prepare students for university admissions and competitive examinations.
- Students benefit from a supportive environment where teachers act as mentors, helping them make informed academic and career choices.

Key Features

Integrated Academic Support

- Structured coaching and academic guidance help students prepare confidently for board examinations and national-level entrance tests.

Personalised Learning

- Continuous assessment and individual mentoring ensure that every learner receives focused academic support aligned with their strengths and aspirations.

Advanced Laboratory Experience

- Modern Physics, Chemistry, Biology, and Computer laboratories provide hands-on learning that strengthens conceptual understanding and scientific enquiry.

Career Counselling

- Students receive regular guidance from experienced educators and guest experts, helping them explore career opportunities, identify their interests, and make informed decisions about higher education.

Leadership & Personality Development

- Workshops, seminars, guest lectures, and collaborative projects encourage students to develop communication skills, leadership qualities, confidence, and global awareness.

Educational Exposure

- Field visits and educational excursions broaden perspectives, strengthen teamwork, and connect classroom learning with real-world experiences.

Mentorship Programme

Every Student Matters

- Every child deserves guidance, encouragement, and someone who believes in their potential.
- Our Mentorship Programme ensures that students in Grades IX–XII receive personalised support from dedicated teacher-mentors who monitor academic progress, provide emotional encouragement, and help students overcome challenges with confidence.
- This nurturing relationship strengthens communication between students, teachers, and parents while promoting personal growth, resilience, and academic success.

Future Readiness

Helping Students Make Informed Choices

- Preparing students for life beyond school is an integral part of education at NCIPS.
- Our comprehensive career guidance programme introduces students to a wide range of educational pathways and professional opportunities through expert interactions, counselling sessions, and career awareness initiatives.
- Students develop clarity about their strengths, interests, and aspirations while gaining valuable insights into higher education, emerging careers, and future-ready skills.
- At NCIPS, we prepare students not only to succeed in examinations but also to thrive in higher education, meaningful careers, and life itself.

Beyond The Classroom

Learning That Inspires Every Talent

- Education is most meaningful when students are encouraged to explore their interests, develop new skills, and discover their passions beyond the classroom.
- At New Cambridge International Public School, learning extends far beyond textbooks. Every student is provided with opportunities to participate in sports, arts, technology, leadership programmes, cultural activities, and experiential learning that contribute to their overall growth.
- Our aim is to develop confident, compassionate, and capable individuals who are prepared not only for academic success but also for life.

A Campus Designed For Learning

- Our thoughtfully planned campus provides a safe, vibrant, and inspiring environment where students learn, explore, and grow with confidence.
- Designed to support both academic excellence and holistic development, every space on campus encourages curiosity, creativity, collaboration, and innovation.
- Whether inside the classroom, on the sports field, in the laboratories, or within creative learning spaces, students experience education that is engaging, meaningful, and future-focused.

Smart Learning Environment

- Technology has transformed education, and NCIPS embraces innovative teaching practices that make learning interactive, engaging, and relevant.

Digital Classrooms

- Modern digital classrooms create dynamic learning experiences through multimedia presentations, interactive lessons, and visual learning tools that improve understanding and student participation.

Mathematics Laboratory

- The Mathematics Lab transforms abstract concepts into practical experiences, encouraging logical thinking, analytical skills, and mathematical confidence.

Science Laboratories

- Well-equipped Physics, Chemistry, and Biology laboratories enable students to investigate scientific concepts through observation, experimentation, and hands-on learning.

Computer Laboratory

- Students develop digital literacy and technological confidence using modern computer systems and contemporary software applications that prepare them for the digital future.

Library & Reading Centre

- Our well-stocked library encourages curiosity, independent research, and a lifelong love for reading. It serves as a quiet space where students expand their knowledge beyond the classroom curriculum.

Counselling

- Our school counsellor provides a safe and supportive space for students, addressing their emotional, social, academic, and personal concerns while helping them build confidence, resilience, positive relationships, and healthy coping skills.

Sports

- A comprehensive sports programme with professional coaching and regular practice enables students to develop fitness, discipline, teamwork, sportsmanship, and competitive skills across various sporting disciplines and participate in all the CBSE sports confidently.

CONTINUOUS

Regular and continuous progress throughout the year to achieve all round development

COMPREHENSIVE

Addressing the mental, emotional and physical aspects of student development

EVALUATION

Variety of tools and techniques are used to assess and evaluate the student's progress
